

Vanity

*La vanità è l'esagerato amore per noi stessi e per quello che ci circonda.
Vanity sono dei leggeri filamenti, intrecci di tessuto, come
un millerighe che veste le pareti di tutto l'ambiente
per gratificare il nostro ego e per avvolgerci in un caldo abbraccio.*

Vanity

Eitelkeit ist die übertriebene Selbstliebe und Verehrung für das, was uns umgibt. Vanity sind leichte Fäden, Verknüpfungen aus Stoff, wie ein Streifenmuster das die Wände des gesamten Raums bekleidet um unser Ego zu belohnen und uns in eine warme Umarmung einwickelt.
